SUMMARY

Frontend Developer with experience in developing web applications and software solutions in diverse technology environments. I am skilled in HTML, CSS, JavaScript, React, and Python. Proven ability to create user-friendly interfaces with high usability and performance. Seeking a Frontend Developer role to utilize my skills and knowledge to create innovative solutions.
Prior experience was in healthcare field while serving U.S. Navy for over 21 years. Recently retired military vet.

EXPERIENCE

Frontend Developer Universal Group

March 2022 - February 2023, Doral, FL

- Front End Web Developer with extensive experience in HTML5, CSS3, JavaScript and React experience who built custom projects for company.

Senior Medical Department Representative 1st Battalion, 25 Marines

March 2020 - March 2022

Responsible for the management of the medical capabilities for a command of 700 Marines.

- Coordinated annual medical/dental examinations, sick call care, referrals to outside network providers, and assisted with medical claims & billing.
- Managed and oversaw the health care for two annual battalion wide exercises; ensured sufficient medical capabilities were available in order for the training to be executed.
- Successfully improved medical readiness percentages by over 5%.
- Accountable for various administration duties; oversaw general supervision of personnel and assisting in training and performance evaluations.
- Championed a seamless patient flow across all areas, addressing patients' concerns with a timely, professional and empathic manner.
- Ensured all areas of the medical center were maintained to a high level of cleanliness, health & safety and compliance with regulations.
- Provided direct supervision to medical staff and other staff as assigned including hiring, terminating, conducting performance reviews, recommendation of salary increases, review and approval of employee's timecards and approving personal time off (PTO) requests.
- Consistently handled confidential information including patient information in an ethical and professional manner.
- Defined and established comprehensive work schedules and assignments for staff according to workload, space and equipment availability; drove operational efficiency, collaboration and synergy across the workforce.

Training Manager 3rd Medical Battalion

February 2017 - February 2020, JP, Okinawa

Responsible for 9 staff members who delivered and coordinated training to a command of 350 personnel.

- Planned and coordinated the delivery of 4 annual training sessions to the entire command.
- Played a pivotal role in achieving a passing score on a Commanding General's Readiness inspection.
- Instrumental in the achievement of a training readiness for the command of over 90%.
- Provided Basic Life Support certification to medical professionals in order to maintain current requirements.
- Collaborated with local hospitals to provide cross-training opportunities to staff members; drove continuous improvement and maintenance of their medical proficiencies.

Radiology Department Manager Walter Reed National Military Medical Center

February 2012 - September 2017, US, MD, Bethesda

Managed radiology department which comprised multiple modalities to include Computed Tomography, Magnetic Resonance Imaging, Mammography, Interventional Radiology, and Diagnostic.

- Coordinated with staff members to ensure sufficient 24/7 coverage for daily functions and staff.
- Ensured upkeep of \$10M+ dollars of radiology equipment.
- Managed and oversaw service schedules, ensuring adherence to schedules and coordinating timekeeping for civilian staff members.
- Played a key role in driving achievement of a less than 4% radiology retake rate.
- Delivered informative and engaging advancement training to enlisted staff members to provide expanded advancement opportunities.
